Jakarta Biennale 2015, dengan tema "Maju Kena, Mundur Kena: Bertindak Sekarang", meninjau masa kini tanpa terjebak nostalgia masa lalu dan utopia masa mendatang. Para seniman membahas kondisi ekonomi, sosial, dan emosional masyarakat di Indonesia sekarang lewat tiga isu besar: air, sejarah, dan gender. Melalui karya-karya ini, Jakarta Biennale 2015 ingin menyorot pencapaian warga di tengah kondisi hidup yang kian pelik.

With the theme "Neither Back nor Forward: Acting in the Present", Jakarta Biennale 2015 seeks to concentrate on the present while refusing to indulge in past nostalgia and future utopia. The artists explore the economic, social, and emotional realities of the current society through three main themes: water, history, and gender. Throughout its programs, Jakarta Biennale 2015 aims to highlight the small victories that people experience in daily life despite the difficulties.
